- Tool Free Locking Adjustable Shoe – Easily extend shoe for cutting against material or retract shoe for flush cuts

TOTAL  TOOL  
SUPPLY, INC.

FLUORESCENT LIGHTING TESTER  
MW2210-20

Dramatically improve the productivity of professional electricians and maintenance technicians! Instead of a "replace and hope" strategy, users can test their lighting fixtures faster and easier.

### FEATURES:

- Complete 3-in-1 solution: Test Lamps, Ballasts and Pins
- 2.5' Fully retractable antenna for extended reach when testing
- Non-conductive antenna sleeve allows for safe testing
- Removable antenna adapter improves lamp test response
- Visual and audible tool feedback to easily confirm testing
- Built-in LED flashlight illuminates dark work spaces
- Dial and buttons positioned for one-handed use

COMING SOON!

THERMO IMAGER  
MW2260-21

### FEATURES:

- Capture Thermal and Visual Images on each trigger pull for enhanced reporting
- Crisp, High Resolution 160x120 pixel Thermal Images for better definition and clarity
- Complete Report Software to easily analyze images
- Broader Temperature Range (-10 to 350°C) to cover more applications
- 3.5" High Resolution LCD (640x480 pixel) for easier troubleshooting
- Built-In Visual Camera and Flashlight for improved analysis
- Rugged Overmolding for increased durability and grip
- Simple screen layout allows you to focus on getting the best images
- Raised corners protect the LCD and thermal engine if dropped
- Hinged camera style lens cover is always attached, so is never lost
- Knurled focus ring is easy to grip with arc flash PPE
- All Thermal and Visual images use standard JPEG format for use in any program
